Educational aspiration

I teach, and I am still learning how to teach. A Bachelor of Education is underway. The aim is to know the work more deeply, not only to hold the post.

All-rounder

Mathematics, music, theatre, photography, web pages, and apps. Versatile on purpose — one person, several desks.

Frontline leader

Grade 5 class teacher, after six months with a Grade 3 class of fifty. Leader of the boys' scouts, mentor of Mushfiq House, and offices held in the organisations I have served.

Local and international

A thirst to learn more about education, and to work for it in Sylhet and beyond Bangladesh.

Teaching

Jalalabad Cantonment English School and College, Department of Mathematics, since 1 August 2022. Grade 3 class teacher for six months, then Grade 5. Permanent employee after regularization. Sports, cultural, admission, decoration, and exam committees. Leader of the boys' scout team. Mentor for football, cricket, and volleyball — Mushfiq House.

Annual confidential report, 2023–24: 85 out of 100.

HIGHLIGHTED

Mentora

An app built for teachers and students. Tutoring is the purpose. Students can sit competitive MCQ tests and check their academic capability. bdmentora.com
